17.40.010 Purpose

The purpose of this chapter is to comply with the requirements of RCW 82.02.050, as amended by ESB 5923, Chapter 241, Laws of 2015, to provide an impact fee deferral process for single-family residential construction, in order to promote economic recovery in the construction industry.

17.40.020 Applicability

A. The provisions of this chapter shall apply to all impact fees established and adopted by the City pursuant to Chapter 82.02 RCW, including school impact fees, fire impact fees, park impact fees, and transportation impact fees as codified in Title 17 of the North Bend Municipal Code.

B. Subject to the limitations imposed in NBMC 17.40.060, the provisions of this chapter shall apply to all building permit applications for single-family detached and single-family attached residential construction submitted pursuant to Chapter 15.02 NBMC. For the purposes of this chapter, an “applicant” includes an entity that controls the named applicant, is controlled by the named applicant, or is under common control with the named applicant.

17.40.030 Impact Fee Deferral

A. Deferral Request Authorized. Applicants for single-family attached or single-family detached residential building permits may request to defer payment of required impact fees until final inspection, which request shall be granted so long as the requirements of this chapter are satisfied. If a deferral request is granted under this section, the City shall withhold certification of final inspection until the impact fees have been paid in full.

B. Method of Request. A request for impact fee deferral shall be made in writing on a form provided by the City, and submitted contemporaneously with the associated building permit application. Any request for impact fee deferral must be accompanied by an administrative fee in an amount determined by resolution of the City Council.

C. Calculation of Impact Fees. The amount of impact fees to be deferred under this chapter shall be determined as of the date the request for deferral is submitted.

17.40.040 Deferral Term

The term of an impact fee deferral granted under this chapter may not exceed eighteen (18) months from the date the building permit is issued ("Deferral Term"). If the condition triggering payment of the deferred impact fees does not occur prior to the expiration of the Deferral Term, then full payment of the impact fees shall be due on the last date of the Deferral Term.

17.40.050 Deferred Impact Fee Lien

A. Applicant's Duty to Record Lien. An applicant requesting a deferral under this chapter must grant and record a deferred impact fee lien, in an amount equal to the deferred impact fees as determined under NBMC 17.40.030(C), against the property in favor of the City in accordance with the requirements of RCW 82.02.050(3)(c).

B. Satisfaction of Lien. Upon receipt of final payment of all deferred impact fees for the property, the City shall execute a release of deferred impact fee lien for the property. The property owner at the time of the release is responsible, at his or her own expense, for recording the lien release.

17.40.060 Limitation on Deferrals

The deferral entitlements allowed under this chapter shall be limited to the first twenty (20) single-family residential construction building permits per applicant, as identified by contractor registration number or other unique identification number, per year.

Section 2. Severability. Should any section, paragraph, sentence, clause or phrase of this Ordinance, or its application to any person or circumstance, be declared unconstitutional or otherwise invalid for any reason, or should any portion of this Ordinance be pre-empted by state or federal law or regulation, such decision or pre-emption shall not affect the validity of the remaining portions of this Ordinance or its application to other persons or circumstances.
